

W.C. PETTY – PBIS

Information for Parents

What is PBIS? Positive Behavioral Interventions and Supports (PBIS) is a framework of evidence-based practices used to develop and support social, emotional, behavioral success for all students. PBIS practices support academic success by developing a positive and safe climate for students to learn.

PBIS is not a curriculum but it is a framework to identify needs, develop strategies, and evaluate practice toward building a positive school culture. PBIS is a process for teaching children appropriate behavior and providing the supports necessary to sustain that behavior.

Multi-Tiered System of Support

All students are taught three universal behavioral expectations at W.C. Petty: Be Responsible, Respectful, Safe. Students are reinforced for showing these expectations. If students require additional support to be successful, they may receive some of the following services:

Tier 1 All students are reinforced with Petty Pride Paws for demonstrating universal expectations. Students can use Paws at PBIS School Store. Students celebrate success each trimester with school celebrations.

Tier 2 Some students may require additional support to successfully demonstrate expectations. A few Tier 2 services at Petty include: Petty Pride Program (Check In/Check Out), Social Academic Instructional Groups (SAIG), and Mentoring. Tier 2 services focus on reteaching expectations and allowing students additional feedback and reinforcement from staff throughout their school day.

Tier 3: A few students may need more intensive support. In these cases, a specialized group of staff work together to create an individualized plan to achieve success for a student.
