Re: Facility Usage Requests

Attached are the materials necessary to request the use of facilities from Antioch District #34. (Please note: Phone calls or emails are not considered agreements to use the school district's facilities.) All accepted agreements are based on the availability and occupancy standards of each facility. All paperwork must be completed, including the receipt of your organization's Certificate of Insurance, two weeks prior to the scheduled event. Documents may be submitted by mail or fax.

Use of school facilities is not available during the regular school day. Availability at the buildings is limited prior to 6pm due to after-school programs. Facility usage during winter, spring and summer breaks may not be possible due to large-scale cleaning and projects.

The facility usage form should be sent to the school for approval. After the date(s) is/are approved, the form with all the additional documentation shall be sent to the Administrative Services Center for approval. **If multiple facilities are being requested for the same event or activity, a separate request should be completed for each school.** Within a reasonable time, you will receive a confirmation or denial of your request.

In order to complete your facility usage request, please sign the Building Usage Agreement, attach your signed Request for Facility Usage approved by the school and your Certificate of Insurance listing the district as an additional insured and return all the documents to the district office.

Groups will be invoiced after the event.

Other equipment: We have an inventory of table and chairs available at each building for use by external groups. Tables and chairs cannot be transported for use at other buildings. If the inventory available does not meet your needs, please contact an outside rental firm. For external groups, we cannot lend out technology / AV equipment.

Rules and Regulations Governing the Use of School Facilities

1. Antioch District #34 activities take priority over all other activities. Unfortunately, conflicts can arise within our buildings after space has been reserved by outside groups and we will need to cancel the reservation by the outside group. Antioch District #34 reserves the right to cancel. We will make every effort to accommodate all requests and make logical use of the space available; the needs of our district activities will be given priority. If the district does need to access to previously reserved space, we will contact you so that you can make alternate plans.
2. A Certificate of Insurance, with proper limits of liability, shall be submitted as evidence of insurance at least 2 weeks prior to the event and must designate both the using organization and Antioch CCSD34 as insured. The absence of such a certificate will preclude use of the facility.
3. An adult, over 21 years of age, must be present for all activities. The adult in charge of the activity will be present during the entire rental period. The person will be responsible for the proper use of the facilities and the proper conduct of those in attendance. If Antioch CCSD34 feels the organization is not providing adequate supervision, the School District may, but is not obligated to, provide additional supervision to monitor the activities. The organization shall reimburse the School District for all direct costs involved in providing the additional supervision.
4. The following are prohibited on school property: smoking, narcotics, drug paraphernalia, consumption of alcohol, foul or abusive language, gambling or weapons. It is the responsibility of the organization to enforce this requirement.
5. Only the areas of the school for which this request has been made shall be used. It is the responsibility of the supervising adult to ensure that group participants are only in the area(s) approved in the facility usage.
6. Decorations and special effects shall be removed from the building by the organization using the building.
7. Helium balloons are not allowed in the gyms due to strings getting caught in the ceiling fans and burning out the motors.
8. The school district shall not be responsible for properties left on the premises before, during, or after the scheduled activity.
9. No street shoes are to be worn on the gym floors.
10. No tape of any kind on the floors.
11. No hard balls may be used in the gyms.
12. Any sport that is usually played outside will not be able to use the Gyms indoors. Ex: (Softball, Baseball, Soccer, etc.)
13. No materials such as liquid refreshments may be served in the gymnasiums.
14. Tables and chairs are the only equipment included in the use of the building and limited to that building. Additional tables that are not available in that building will need to be rented externally. Additionally, basketball hoops and gym mats can be made available in the gyms. No other school equipment may be used by external organizations without specific authorization of the Superintendent or their designee. Utilization of authorized equipment may require a district employee to operate it or supervise the operation of and whose wages will be reimbursed. Additionally, a usage fee may be imposed to help the district with the wear and tear on items such as gym mats that need to be replaced and maintained by the district.
15. If the kitchen is being used, please contact the host school office for a list of specific clean-up expectations. If the facility is not in "ready" condition, additional charges may be incurred.
16. Use of the kitchen or cafeteria equipment requires the presence of a district cafeteria employee whose wages shall be reimbursed to the district. If food is to be served, a statement of food or product liability releasing the school district from any and all liability must be attached to the Request for Facility Usage.

17. Reoccurring events need to be resubmitted each school year. Reminders will not be sent.
18. Proper care will be given to the buildings and contents therein. Renter assumes financial responsibility individually and on behalf of said organization for that part of the school, or contents utilized therein, that might be damaged or stolen. No items shall be attached to school district property or any modifications made to building structures, equipment or grounds without written permission of the Director of Operations.
19. Applicants shall supply any special supervision that is required and needed in regard to police protection, parking supervision, etc. if determined by the school and/or its official at the time of the rental contract.
20. An employee of the school district shall be appointed in charge of the rented facility at the time of the event, this would normally be a custodian. It will be his/her duty to enforce all regulations herein stipulated and he/she has the further authority to expel an individual or group that fails to comply with those regulations set herein. It is the duty of the renting party to provide this person with all of the proper supervision and respect in handling of this particular matter and carrying out and discharging his/her duties.
21. School custodians must be present during facility usage by outside organizations. Custodians will typically start 15 minutes prior to the scheduled start of the event and work as necessary after the rental. Additional time for such items such as snow removal and room set up will be added when necessary. Custodians will have work assigned by the School District to meet School District needs during the event/meeting.
