Speech and Language Homework

Your child has been working on answering WH questions. Ask these questions to your child, and see if they can answer with a complete sentence. If your child demonstrates difficulty, first give them 2 answers to choose from. If your child still demonstrates difficulty, give them the answer and have them repeat after you.

What's something that is green?

Who lives at the end of the rainbow?

Where does a leprechaun keep his gold?

Why does a leprechaun laugh and dance?

When do we see a rainbow?

Additional activity: Read a book with your child. Ask WH questions about the pictures, characters and/or story after every page.
