# Speech and Language Homework

Your child has been working on answering WH questions. Ask these questions to your child, and see if they can answer with a complete sentence. If your child demonstrates difficulty, first give them 2 answers to choose from. If your child still demonstrates difficulty, give them the answer and have them repeat after you.

What do you do with a turkey?

Who cooks Thanksgiving dinner?

Where is the oven?

Why do we need to eat our vegetables?

When is Thanksgiving?

**Additional activity: Read a book with your child. Ask WH questions about the pictures, characters and/or story after every page.**
