Speech and Language Homework

Your child has been working on answering WH questions. Ask these questions to your child, and see if they can answer with a complete sentence. If your child demonstrates difficulty, first give them 2 answers to choose from. If your child still demonstrates difficulty, give them the answer and have them repeat after you.

What do you do with a costume?

Who are you going to be for Halloween?

Where can you get pumpkins?

Why do we say "trick or treat"?

When is Halloween?

Additional activity: Read a book with your child. Ask WH questions about the pictures, characters and/or story after every page.
